REN JETTING SYSTEMS LLP

An ISO 9001:2015 Company

Italian
Technology

innovation in
water jet cleaning

COMPANY PROFILE

REN Jetting Systems LLP is the Member of BOSS group of companies, BOSS is one of the leading hydraulic pump manufacturer in India, since the year 2000, BOSS having customer world wide..

RENJET has started the vision to provide best quality products with competitive price, Our Group of company having **More than 24 years of manufacturing experiences** of High Pressure Pumps. **RENJET** is the Authorized Channel Partner of **HAWK**, **UDOR**, **PA** & **tecomec** of Italy **RENJET** specialist supplier of standard and custom-made high-pressure water jet cleaning systems and Sewer jetting pump, Hydrotest pump to Indian Industry. Suppliers complete packages to the customer as per the customer requirements. **RENJET** technical staffs are capable to design the systems according to customer requirements.

We are Ren Jetting Systems LLP, a company that specializes in the manufacture, supply and export of High Pressure Triplex Plunger Pumps & Systems, We already did Business in U.A.E, Saudi Arabia, Nepal, Philippines & many more.

Renish Bhaskar

Hawk was Founded in 1979 in Reggio Emilia - Italy, , one of Italy's premier industrial sectors, which is well known for its skilled labour force and high number of machinery and agribusiness equipment manufacturing plants. Moreover, Reggio Emilia is internationally recognized as the heartland for the manufacture of top quality, high - pressure pumps used in hot and cold - waterpressure washers and other high - pressure cleaning equipment.

RENJET is authorised distributor of Hawk for sales and service spares for India.

UDOR S.P.A. the talian factory located in Rubiera (Reggio Emilia) specialized in manufacturing of membrane pumps, diaphragm pumps and plunger pumps for agriculture and high pressure water cleaners, Sewer Jetting etc.

P.A. SPA: Italy company dealing with design, production and selling of high pressure washing, spraying , industrial cleaning and car - wash equipment, e.g. guns, lances, valves, nozzles, tank cleaning heads etc.

Tecomec® S.R.I. is one of the most well-established and specialist companies in the world in the production of parts. Mecline® produces and sells over 3600 items for industrial washing and car-wash equipment. Mecline® nozzles, guns and valves are used in professional water cleaners and guarantee high level performances.

VARIOUS TYPES OF CAR WASHER & INDUSTRIAL CLEANING APPLICATION

INDUSTRIAL HIGH PRESSURE SURFACE CLEANING

**Pressure Range from
100 to 250 bar**

RENJET supply Cleaning systems for trouble free production and subsequent processes. The effective and gentle removal of dust, fibres and minute particles from industrial surfaces is a must for a great number of subsequent processes such as converting, painting, laminating etc.

HYDRO BLASTING

APPLICATION

Surface Cleaning
 Hydro Blasting Service
 Investment Casting Cleaning
 Paint Removal
 Ship Hull Cleaning
 Kiln Cleaning
 Wet Sand Blasting
 Cleaning - After Pickling

Hydroblasting is a technique for cleaning internal and external surfaces, which relies entirely on the sheer force of water from a pressurized source to achieve the desired cleaning effect on the intended surface. We are supplying in Marine, Chemical, Pharma, Cement Plant, Steel, Oil & Gas, Power Plant industry for high pressure water blasting purpose and we are having range from **100 to 1000 bar** pressure capacity with upto 120 hp motor.

Model	Pressure (Bar)	Flow (lpm)	Motor (Hp)
RJ 350	350	17	15
RJ 500	500	15 / 21	20/ 30
RJ 750	750	36	75
RJ 1000	1000	16	40
RJ 45/1000	1000	45	120

HYDRO JETTING TUBE AND PIPE CLEANING

APPLICATION

Heat Exchanger
 Condenser
 Evaporator
 Boiler
 Calandria

Water Jetting Machine directs Water Jet at High Pressure against a surface to clean, descale, degrease or prepare a surface. For jetting application (Heat Exchanger, Condenser, Evaporator, Calandria,Boiler Tube) we are having pressure range from **100 bar to 1200 bar** and supplying in Chemical, Sugar, Refinery, Power Plant etc.

Model	Pressure (Bar)	Flow (lpm)	Motor (Hp)
RJ 350	350	17	15
RJ 500	500	21	30
RJ 750	750	36	75
RJ 1000	1000	45	120

HYDRO TESTING / JETTING PUMP/ AUTO PROFESSIONAL

HYDRO TESTING

We, at **RENJET** supplying Hydro test pumps and equipment which are suitable to portable use and can well be used to test the irrigation lines and perform high pressure hydro test of tubes, pipes, hoses, cylinder, Hydrotest of pressure vessels & boilers, hydro test pump of cross country pipe lines, valves, castings, components etc. for leaks or defects.

APPLICATION

Hydrostatic tube test
Hydrostatic Pipe Testing
Vessels and Tank Testing
Cross Country Pipe Line Testing
Boiler Hydro Testing
Valve Hydro Testing

JETTING PUMP

RENJET as an Exclusive importer of **UDOR Pump (Italy)** for India, Nepal, Sri Lanka. We are exporting and supplying quality based and wide variety of High pressure triplex plunger pump for Sewer Jetting.
