SUSHM/MARINE

ACCOMODATION & GALLEY EQUIPMENTS

About Us

We started in a small way under the name of Sushma & Co. (Electricals) in the year 1977 at Ghatkopar, a suburb of Mumbai, manufacturing Heating Elements for Industrial and Domestic applications. Our Aim was to provide quality products as per our customer's requirement in our fully equipped plant at Khopoli spread approximately over 9000 Square Meters. We are, in line with our Quality policy, committed to satisfy our customers fully by providing them products and services of quality to meet their specifications in every respect. All our products are designed to meet International and Indian standards such as VDE, CSA and UL as per the requirement of our customers. Over the years the company has gained expertise in Designing and Manufacturing a wide range of Electrical Heating Elements and Allied products for Industrial, Domestic and Marine applications.

Electrical Division

Manufacturing Electric Heating Elements for both Domestic, Industrial Application and branded goods for reputed companies in India, backed by latest foreign technology for the last 20 years. Our heating elements are backed by Advanced Engineering and Manufacturing Technology, using imported machines from Kanthal, Sweden and General Electric, USA. Our Heating Elements are widely used by manufacturers of Domestic Appliances, plants, machinery and equipments used in Textile, Nylon, Cement, Chemical, Air Conditioning and Refrigeration and many more industries.

Marine Division

Manufacturers of Modular Accommodation Systems, Modular Galley and Multi Cable Transit Glands for Indian Navy, Coast Guard and all other major shipyards in India. Our products are being used by the latest Naval Platforms and Merchant Ships.

We have also been nominated by Naval Headquarters for supply of the following systems

- Modular Accommodation Systems
- Marine Galley Equipments
- MCT Glands

First To Have TUV Cert Recommended ISO 9001/2000 Certification For Heating Elements & Galley Equipments in India

Sushma has always been an advocate for "Make in India". In 2010, Sushma has invested to set up an automated panel manufacturing line to meet the requirements of ship fire class walls and ceilings. Using only locally sourced material we have further demonstrated our commitment to the "Make in India" Campaign.
