- EPC
- Reconditioned bowls or complete devices

General Equipment Health Check

- ITALY – SINGAPORE – ARA AREA
- High Speed Separator, PHE and related systems

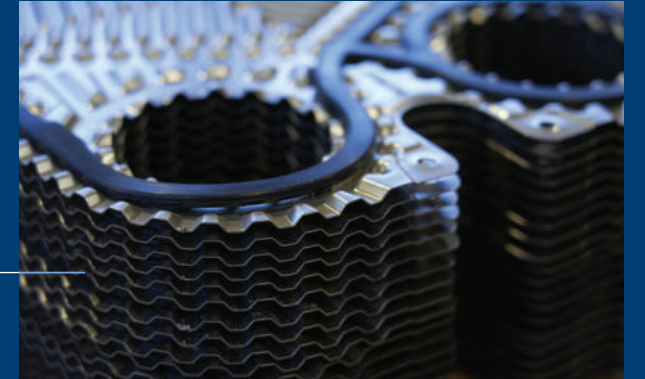

PHE & Brazed Heaters

- Spares & Plates pack
- Service on board
- Service in workshop (including UV crack checks & pressure test)
- Complete Units

Fresh Water Generators

- Spares & Plates Pack

Screw Pumps

- Spares for IMO - ALP - KRAL
- Complete pumps

Filters

- Spares for Moatti & Bollfilter
- Complete Devices

NO COMPROMISE ON QUALITY

Quality is one of the fundamental principles guiding Soteco International's operations, permeating every aspect of our business activities. Our Quality Management System serves as the compass that meticulously documents the processes, procedures and responsibilities necessary to successfully pursue the quality policies and objectives throughout the entire supply process, from the incoming material to the complete production cycle of our spare parts, maintenance operations and equipment refurbishment.

The **"Seal of Quality"**, proudly displayed on all Soteco products, represents the strong commitment to upholding the highest quality standards throughout whole supply chain, whether it's manufacturing spare parts at its facilities in Italy, servicing, repairing or reconditioning products.

Soteco International is
ISO 9001, ISO 14001 and ISO 45001
certified for the production of spare
parts for marine and industrial oil
separators
