Consultants Private Limited

Assured Professionalism

YOUR STRATEGIC PARTNER FOR DRIVING GROWTH IN MARITIME & OFFSHORE

“Global Network. Local Impact.”

Our Clients Choose for

Informed Decisions

Optimized Performance

Smarter Operations

Quality Services

Navitera has developed a large global network of experts in Maritime and Offshore Oil & Gas industries covering technical, legal, training and management consultancy sectors. We support and empower clients by helping them overcome operational challenges.

Navitera works with shipbuilders, owners, agents, seafarers, offshore operators, bankers, underwriters and lawyers. Our primary goal is to provide value to all our clients by offering instant global support and expert services in the Maritime and Offshore Oil & Gas sectors.

We customize our solutions in a way that helps our clients navigate the highly competitive, regulated and technically demanding maritime world. Navitera understands the shipping and offshore sectors. Our expertise gives clients an unrivalled, personalised round the clock service. Our comprehensive services help clients manage the growing challenges in their day-to-day operations.

Mission, **Vision** and Aspiration

Mission

Our mission is to improve the efficiency and operations of the maritime and offshore industries through continuous development of concise solutions and network growth.

Vision

To develop a global network of concise solutions servicing maritime and offshore industries.

Aspiration

Navitera aspires to be a global leader in providing a 360° suite of services to the maritime and offshore industries.

OUR CORE VALUES

Innovation

We always pursue an innovative approach to deal with operational challenges. Whether through existing knowledge or a new technology, we will always find the right path to the solution.

Transparency

When it comes to business, we are open, honest and straightforward.

Connection

We care about making all our connections personalised. A Personal touch to our solutions makes our business friendlier without compromising on quality.

Self-Mastery

We strive to be always at the top of the game via self-discipline and self-education.

Commitment

We deliver brand's value proposition and foster relationships with our customers. We care about complete client experience, from initial contact to post-purchase support.

OUR SERVICES

SECTOR I: MARINE SERVICES

Marine Surveys, Legal, Ship Support, Marine Engineering

- Navitera's Marine services are tailored to meet specific needs of ship owners and operators. We understand the unique requirements and needs of your vessel therefore we design end-to-end solutions tailored to those needs.
- Navitera has all the expertise to guide you through every stage of your vessel's lifecycle, from pre-purchase to decommissioning.

SECTOR II: OFFSHORE ENGINEERING & PROJECT MANAGEMENT

Oil and Gas Engineering, Field Development Solutions

- Navitera's Offshore Engineering & Project Management services have been predominantly designed for upstream oil and gas companies.
- We are familiar with offshore industry's unique challenges, therefore, our services are aimed at providing efficient, smart and quality solutions to meet those challenges.

SECTOR III: TRAINING

STCW Courses, Non-STCW Courses

- Navitera's Training sector was created with the goal of providing high-quality professional training solutions to clients through accessible and innovative online and hybrid channels.
- We're passionate about providing training that exceeds client's expectations.

SECTOR I: **MARINE SERVICES**

Navitera is a comprehensive maritime consultancy firm committed to providing ship owners with the resources and expertise needed to enhance their operations and improve performance.

Our comprehensive range of services provides ship owners with the knowledge and tools needed to make informed decisions, resulting in smarter operations and peace of mind. We are committed to delivering quality services, backed by our years of experience and industry expertise, ensuring that our clients can operate with confidence and efficiency.

Our complete suite of services ensures our clients value throughout a vessel's lifecycle, from new-building and pre-purchase to operations and decommissioning. You can trust Navitera to be your strategic partner in navigating the competitive and highly regulated maritime industry.

MARINE SURVEYS

Navitera adds value to clients through prompt and comprehensive surveys performed by locally stationed, highly trained, knowledgeable and experienced surveyors. We offer you a 24/7 communication with times and locations to suit your needs along with fleet discounts.

THIRD PARTY INSPECTIONS

- Classification
- Port State Control preparedness

- Cargo Hold / Tank / Hatch Inspections
- Vetting Inspections
- Pre-Loading Inspections
- Bunker & Conditional surveys
- Repack of Dangerous Waste Products
- Trade Inspections
- Draft Survey

FLAG STATE INSPECTIONS

- Pre-registration inspections
- Annual Safety Inspections
- Incidents Investigations

P&I INSPECTIONS

- Pre-Entry Inspections
- Damage Surveys
- Conditional Surveys

LEGAL

Vessel Registration Services

“Smart Registration. Smooth Compliance. Stronger Operations”

At Navitera, we make vessel registration simple, efficient and fully compliant. With our in-depth knowledge of international flag requirements and maritime regulations, we guide ship owners through every step of the process, ensuring smooth registration without delays or complications.

Whether you are registering a new build, pre-owned vessel or offshore unit, our experts handle all documentation, compliance checks and coordination with flag authorities worldwide. We also provide specialized guidance on bareboat charters, single delivery voyages and special registrations, ensuring your unique operational needs meet with precision and efficiency.

- Global Flag Expertise : Assistance with major open and national registries
- Documentation : Preparation, submission and verification of required paperwork
- Regulatory Compliance : Ensuring adherence to IMO conventions and flag state rules
- Advisory Support : Guidance on selecting the most suitable flag for your operational needs
- Special Registrations : Expertise in bareboat charters, delivery voyages and one-off requirements

With Navitera as your partner, you gain peace of mind knowing your vessel registration and documentation are in trusted hands allowing you to focus on operations while we handle the complexities.

Navitera's flags array includes (but is not limited to):

Barbados, Cameroon, Comoros, Cook Islands, Cyprus, Djibouti, Dominica, Georgia, Greece, Honduras, Lebanon, Liberia, Malta, Moldova, Mongolia, Montenegro, Nigeria, Palau, Panama, San Marino, Sao Tome, Sierra Leone, St Kitts & Nevis, Tanzania, The Togolese Republic, Tuvalu and Vanuatu.

Business Incorporation and Regulatory Compliance Services

“Start Strong. Stay Compliant”

- Companies are incorporated offshore when clients are looking for asset protection, business expansion and financial privacy.
- At Navitera we have the knowledge and expertise to support clients with incorporation and tax compliance matters, any changes in laws and regulations, filling out the required forms and act as a single point of contact to guide you through the processes.

Flag State Endorsements and Crew Certification

- All seafarers serving on foreign flagged vessels are required to have their national Certificates of Competency (CoC) endorsed by the respective flag administration. This endorsement formally recognizes the certificate under the provisions of the STCW Convention, ensuring compliance with international standards.
- At Navitera, we simplify this process for ship owners and seafarers alike. Through our global network of offices and strong flag alliances, we provide expert assistance with endorsements for all officer's Certificates of Competency, as well as Certificates of Proficiency (CoP) for Oil, Chemical and Gas Tanker Operations.
- We also offer a streamlined service for obtaining and managing Continuous Discharge Certificates (CDC), ensuring that documentation is always accurate, compliant and processed without delay.
- With Navitera as your partner, you gain a reliable point of contact to navigate complex certification requirements keeping your crew compliant and your operations running smoothly.

CERTIFICATION OF COMPETENCE (COC)

- Engineer
- Master
- Officer
- Ratings
- Watchkeeping

CERTIFICATE OF ENDORSEMENT (COE, CRA)

- Officer's Endorsements
- Ratings Endorsements
- GMDSS Endorsements
- SO Endorsements
- COP Endorsements – as required

SEAMAN RECORD BOOK

SHIP SUPPORT

Radio Communications

Navitera acts as an intermediary to provide this service through our exclusive agreement with Radio Lloyd which is a Radio Accounting Authority that acts on behalf of multiple flag administrations and is based in Panama. Radio Lloyd also offers Point of Service Activations (PSA) and LRIT Conformance Testing.

- Radio Accounting Authority (RAA)
- Point of Service Activation (PSA)
- LRIT Conformance Testing
- Inmarsat Equipment Procurement
- Fleet Broadband (FBB)

Technical Ship Management (class, crewing, etc)

With skilled hands both onshore and onboard, Navitera offers to its clients integrated ship management solutions.

Comprehensive Maritime Insurance Solutions

“Protecting Your Assets at Sea”

At Navitera, we understand the unique risks faced by ship owners and operators in today’s dynamic maritime environment. Our tailored marine insurance solutions provide comprehensive protection across every stage of a vessel’s lifecycle from construction and operations to liability and loss of income.

Backed by strong industry expertise and trusted partnerships with leading underwriters, we deliver reliable coverage that ensures peace of mind at sea.

- **Hull & Machinery (H&M):** Comprehensive protection against physical loss or damage to all types of vessels.
- **War & Strikes Risks:** Coverage against risks arising from war, strikes, riots, civil commotions and related perils.
- **Freight, Demurrage & Defence (FD&D):** This optional extension to P&I insurance covers legal costs in disputes relating to freight, demurrage, hire and other contractual matters.
- **Builder Risks:** Insurance for shipbuilders against physical loss or damage to a vessel during its construction period.
- **Loss of Hire:** Protection for ship owners against potential loss of income (freight or charter hire) due to a casualty or operational downtime.
- **Protection & Indemnity (P&I):** Comprehensive third-party liability coverage for ship owners and operators, applicable to all types of vessels.
- **Blue Cards at Fixed Rates:** Issuance of vessel Blue Cards at competitive and favourable fixed prices.
