Introduction

Nelco Ltd, a part of the \$165 bn Tata Group, is a leading Satellite Communication (Satcom or VSAT) Service Provider in India, providing highly reliable Satcom connectivity solutions across the country. The purpose of the Company is to create a ubiquitously connected world, empowering businesses and communities and enabling nation-building endeavours. Nelco has been playing an important role in the development and growth of important industry segments like Maritime, Aero, Offshore Oil & Gas, Banking & Financial Services, Renewable Energy, Mining, offshore Oil & Gas exploration, rural Education etc., by providing VSAT services for business-critical applications in the remotest parts.

In today's demanding maritime environment, reliable high-bandwidth connectivity is not a luxury — it's a strategic necessity. Nelco delivers end-to-end maritime communications engineered for peak performance and resilience, empowering commercial fleets, offshore vessels, cruise ships and fisheries with a digital backbone they can depend on.

Our value-added services customized for the maritime segment extend beyond basic connectivity — delivering resilient, reliable, secure, multi-orbit global coverage and advanced bandwidth optimization for mission-critical applications and real-time telemetry. Backed by strong global partnerships, our fully managed, SLA-backed service provides proactive monitoring and support to protect operations and drive measurable efficiencies for our customers.
