# GREETING

## OUR BEST CUSTOMERS ARE THOSE WHO GOT TO KNOW US FOR SUNJIN GROUP

Dear customers

After establishment of our company about 54 years ago, previously we would like to express our deep thanks for your continuous trust and advice until now to get such as growth.

In response to the rapidly changing international situation, we offer the best service systems based on accumulated technological experience of ship repairs and associated materials for all foreign customers. We repair approximately 300 vessels per year, and have thus gained experience in repairing various types of vessels, servicing each on a vessel-by-vessel basis.

And also if there are much difficult and severe order, without disappointment and discouragement, we have executed repair successfully, this is our pride for all SUNJIN families

Dear customers

We will do our utmost efforts with best service and proper price as the first shipyard all over the world, therefore we are waiting your endless advice and attention

Very Truly Yours,  
**President Kim Jaechul**

# SUNJIN ENTECH

## Company Info

SUNJIN ENTECH provides a comprehensive range of services from general repairs to modification projects. Backed by highly advanced engineering and a zero-tolerance quality inspection system, the company offers sophisticated repair services to satisfy the ship owners' needs. Sunjin Entech is characterized by short lead times, high quality work and, consequently, minimal vessel downtime. Also, our extensive network of suppliers is capable of delivering all equipment necessary for a quick repair of your ship. Especially, we have an exclusive quay wall and could use several berths, capacity for vessels up to 800 meters.
