About ECDISPLUS Company

ECDISPLUS Provide World-class Training Facility for All Brand Type Specific ECDIS training

At ECDISPLUS, we specialize in delivering **manufacturer-approved, type-specific ECDIS training** designed for safe and efficient navigation. With state-of-the-art simulators and expert instructors, our programs prepare seafarers to operate ECDIS systems effectively, comply with international regulations, and enhance maritime safety.

Our goal is simple:

» Safe Navigation

Minimizing risks through professional training

» Safe Life

Equipping seafarers with skills for real-world challenges

» Cleaner Sea

promoting environmentally responsible operations

Your trusted partner in building competence for the modern bridge.

ECDISPLUS.COM

Why Choose Us?

In the maritime industry, accuracy and knowledge can make all the difference. That's why our training solutions are designed with you in mind, ensuring you gain the skills and confidence needed to excel at sea. Here's what sets us apart:

Comprehensive Learning

Our courses cover everything from the basics to advanced ECDIS operations. Whether you're a seasoned mariner or just starting out, we have a course tailored for you.

Expert Instructors:

Learn from experienced professionals who bring real-world insights and hands-on experience to the classroom. Our instructors are passionate about sharing their knowledge and helping you succeed.

24 x 7 User Support

If our customer has any problem and any query we are always happy to help then.

Interactive Training

We believe learning should be engaging and interactive. Our state-of-the-art simulators and practical exercises ensure you gain practical experience in a safe and controlled environment.

Flexibility

Life at sea is demanding, and we understand the need for flexible learning options. Our online courses allow you to learn at your own pace, anytime and anywhere.

Affordable cost

We provide type-specific and simulator-based training at competitive rates. Transparent pricing ensures you only pay for what you need—no hidden costs. Quality maritime training, made affordable for every seafarer.

We strive to supply **Safety Through Education** because

well-educated navigators with in-depth knowledge about the equipment onboard is an indispensable factor to ensure safety at sea. We have arranged various training courses that combine both theoretical and practical trainings on navigation and communication equipment.

At the end of the day, it is our vested interest, for we would like to contribute to the global maritime safety. It matters to us all.
