

Because your safety  
is in our mind

# COMPANY PROFILE

AllianceHSS is the result of a joint venture between Alliance Safety and HSS Marine Safety, with decades of combined expertise, these two globally recognized companies have joined forces to deliver unmatched quality, performance, and customer satisfaction to our customers within the maritime safety and firefighting equipment industry.

## Decades of Unmatched Experience

Alliance Safety and HSS Marine Safety bring a wealth of experience, spanning over several decades, to the table. As trusted and accredited names in the maritime and offshore industries, we've earned our reputation through unwavering dedication to safety and excellence.

## Unrivaled Maritime Safety Solutions

At AllianceHSS, we're committed to supplying, servicing, and maintaining top-tier marine safety equipment and firefighting systems. Our extensive global reach ensures that clients worldwide benefit from our exceptional service and support.

## Empowering Safety Through Knowledge

Beyond equipment, we empower our clients with the knowledge and skills needed to handle and maintain safety equipment effectively. Our certified staff conducts comprehensive training, ensuring your team is well-prepared for any situation.

## Setting the Standard

AllianceHSS adheres to the highest industry standards, boasting ISO accreditation 9001:2015, 14001 and 45001. Additionally, we hold approvals and accreditation from major Regulatory Bodies and Classification Societies, including LLOYD'S Register, ABS, DNV-GL, KR, LR, NK and TUV SUD PSB.

## Your Maritime Safety Partner

Choose AllianceHSS for a safer maritime journey. With a legacy of experience and a commitment to excellence, we stand ready to protect lives and assets at sea, ensuring every voyage is secure and worry-free.

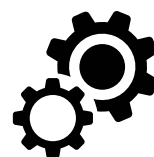

**We are committed to providing  
Safety Solutions and Services that meet  
and exceed customers' expectation.**
